The Lord is my shepherd, I shall not want;
He makes me lie down in green pastures.
He leads me beside still waters;
He restores my soul.
He leads me in paths of righteousness
for his name's sake.

Even though I walk through the valley of
the shadow of death,
I fear no evil;
For thou art with me;
Thy rod and thy staff, they comfort me.

PSALMS 23

Thou preparest a table before me
in the presence of my enemies;
Thou anointest my head with oil,
my cup overflows.
Surely goodness and mercy shall
follow me
all the days of my life;
and I shall dwell in the house of
the LORD
forever.

Curriculum

Because of its importance in every field, English is a required course throughout our high school curriculum. Courses in Latin and Spanish provide those interested in languages with ample opportunity for additional study. The Spanish students learn the speech of our Southern neighbors while Latin classes begin their first declensions.

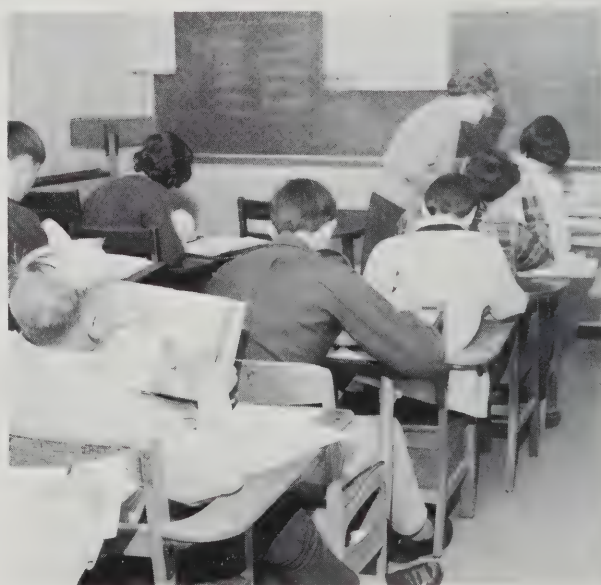

"To Graduate or not to graduate, that is the question" say the seniors as they ponder over the works of Shakespeare!

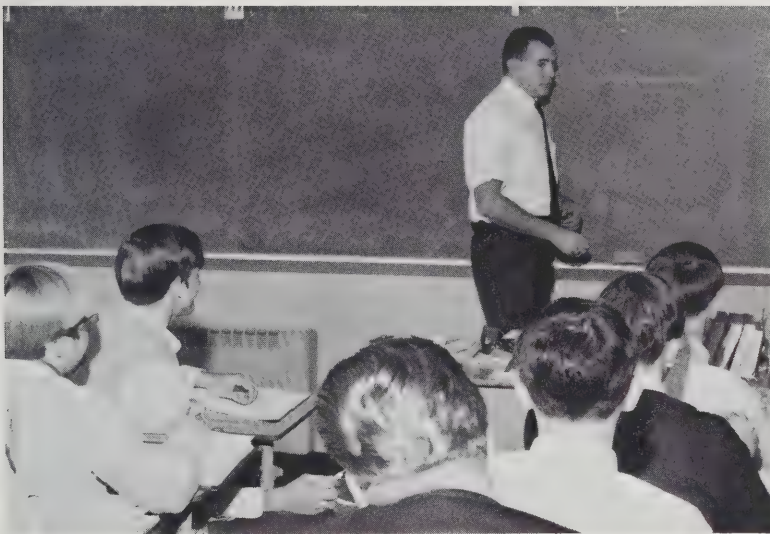

LANGUAGES

Sharon Stanley, Jerry Turner, Christy Wentz, Diane Wright, Danny Robertson, and Roy Smith become acquainted with the Spanish Language and Culture.

Latin II students learn the translation of: **Venimus; Vidimus; Vieimus.** — we came; we saw; we conquered.

MATH

The aims of Mathematics are to present topics in arithmetic, algebra, geometry, and other mathematical fields in a way such as to stimulate the students' interest.

Consumer's Math students observe carefully as Mr. Crawford explains the basic principles of plotting points on a plane.

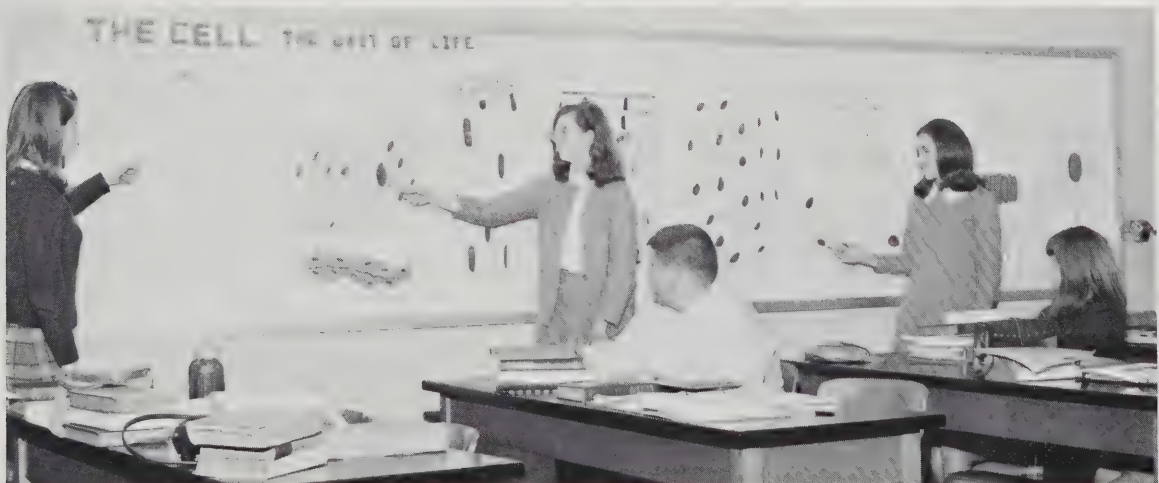

SCIENCE

Teachers introduce many new ideas in every field of science. Such courses as Biology, Earth Science, Chemistry, and Physics are studied and wide avenues of learning are opened.

Chemistry students observe an experiment performed by Mrs. Printz.

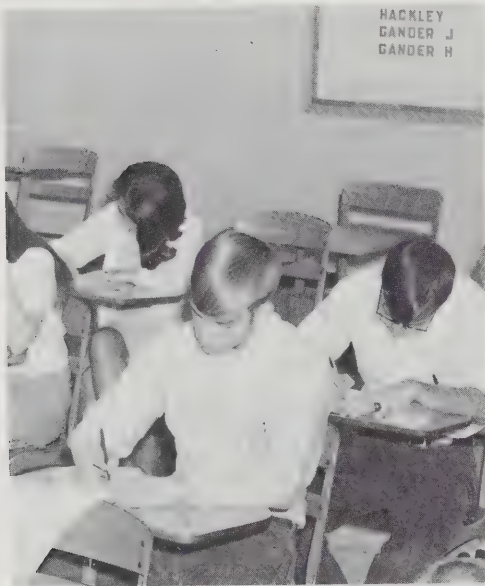

Susan Kite, Sandra Dennis, and Carla Pettit point out the nucleus of various cells as Bruce Campbell and Barbara Sampson observe.

SOCIAL STUDIES

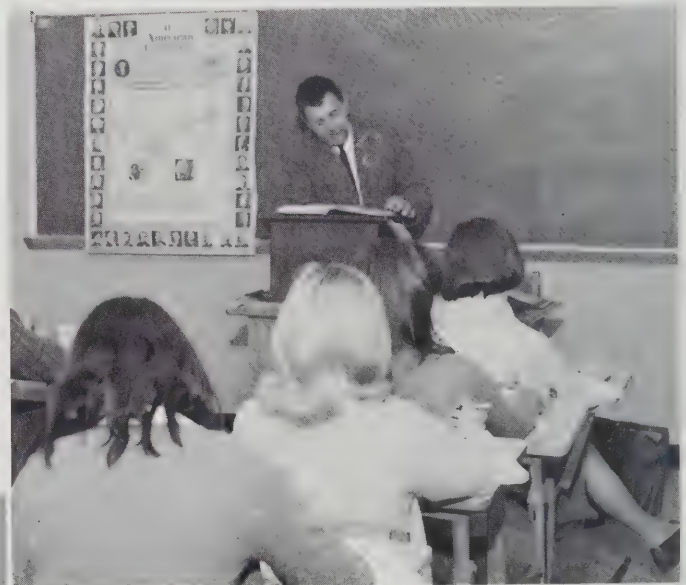

For students desirous of learning more about the problems and potentialities of the modern world, there are classes in government, American history, world history, economics, and geography. Whether an elective or a requirement, each contributes toward the building of citizenship and civic pride.

A government test given by Mr. Graff keeps even Ikey Gray and Charlie Gruenwald occupied.

In Economics class, Steve Painter explains to Joan Gray how to fill out an income tax form as Mr. Nicholson looks on.

An American history class listens attentively as Mr. Hott lectures.

Mrs. Batman explains to her geography class the importance of knowing how to read maps.

In Art II classes, an increased learning is expressed by making models of humans. Billy Cabbage and Gary Johnson display their talents in papier mache.

ART

Page offers several courses for developing the creative talents born within us. Each class provides valuable experience for interested students.

Mr. Edwards helps Keith Buracker with a Mechanical Drawing sketch.

Mr. Comer points out the importance of maintaining healthy bodies.

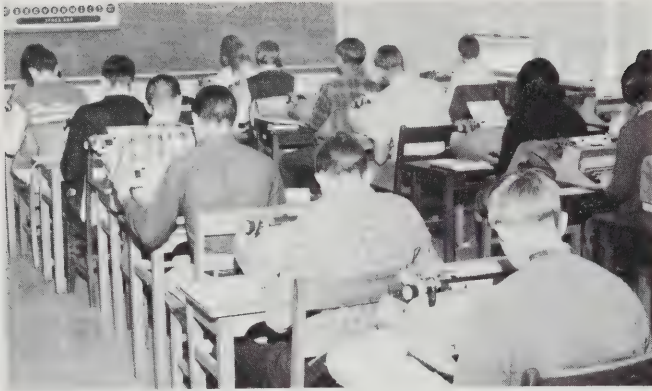

PHYSICAL EDUCATION

The program includes participation in calisthenics, basketball, volleyball, softball, track and other sports. The aim of our physical education program is to build strong bodies and to develop sportsmanship.

Volleyball provides an opportunity for students to develop team spirit.

BUSINESS

Typing I students are beginners on the road to a business curriculum.

Commercial classes work to attain maximum office skill and efficient work habits.

Many of these students will choose careers in accounting.

Shorthand II students prepare for general stenographic work or a combination of clerical-stenographic work.

Office Practice students, Judy Breeden, Mary Anderson, and Becky Knighton learn to use office machines.

Learning to use sewing machines is not all that is involved in sewing. Donna Lucas and Betty Cabbage learn the different types of hand stitches.

HOME ECONOMICS

Senior Activities

Roy Alger presents his commencement speech entitled
"Work is a Blessing."

Graduation . . .

With a tear of regret and a spark of hope for the future, the Senior Class leaves PCHS taking with them only a few memories and leaving behind useful tools to create a new graduating class.

Four girls received the honor as graduate acknowledgement. They are Judith Comer, Brenda Davis, Sandra Cubbage, and Betty Merica.

Mary Houser and Mike Hammer receive the Danforth "I Dare You" Award.

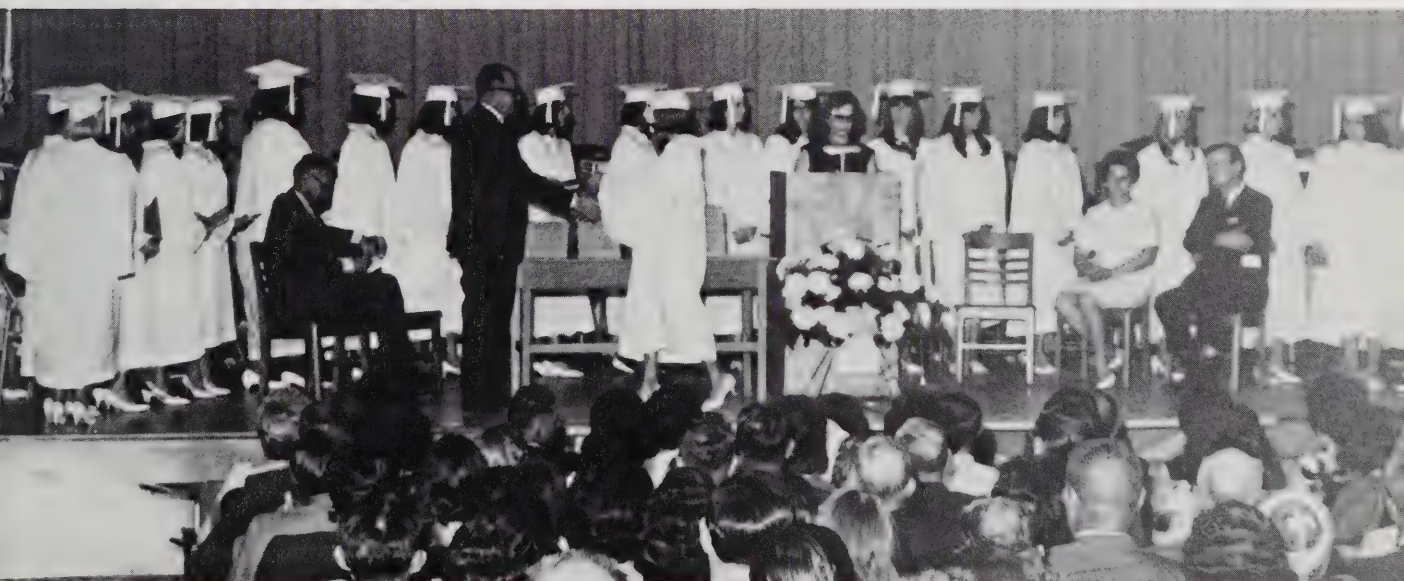

Outstanding school citizen, Diane Gray, receives her award from Mrs. Lena Kite.

Sharyn Young, the first to graduate, appears in a jubilant mood as she receives her diploma from Mr. Bodkins, our principal.

**"When all else is lost,
the future still remains."**

Candidates for graduation anxiously wait for Mrs. Elsie Batman to call their name so they can receive their long waited goal—the diploma.
